Newly created in 2002 this is a delightful, warm and sunny home that caters to a family like a duck to water. It's a funny thing, but when you go to build a home you cant buy a "feeling". It is not like a bathroom that you can add on as many as you like. A "feeling" is the result of all the work that goes into the home but sometimes is more about the flow, the colours, the spaces, the integration and ultimately the ergonomics of the complete package. So when we listed 34

Broadwood Rise in Kumeu the resounding feedback was that it has great feel, very homely and good easy flow. It has four delightful bedrooms and two bathrooms including ensuite, it has a designer, entertainers kitchen, two lounges. It has the pedigree on paper but what it really enjoys is that it feels like a great home, a solid and sunny home that will reward the time that you spend in it. Of course it comes with ultimate privacy set down a secluded drive and overlook-

ing its 4 acres of grazing land with an enormous flat back yard with good boundary and post and rail fencing to ensure that the livestock are secure. Nestled in a sheltered glade the home gets little wind or noise and is the perfect package for a busy family wanting peace, privacy, seclusion and a "great feeling".
